

Secretaries Celebrate Special Week With Member Of The Year Open House Function

Superintendent R. F. Hibbs Nominated As Y-12's Entry In 'Boss Of Year' Competition

In honor of Secretary's Day, Mayor A. K. Bissell of Oak Ridge has designated Wednesday, April 26, as belonging to the "first ladies of business." The local chapter of the National Secretaries' Association has planned an open house for that evening for their "member of the year" annual meet to be held at 8 pm, at the Alexander Hotel, Oak Ridge.

R. F. Hibbs

UCNC Participates In Florida Exposition

Display Depicts Uranium Applications

Union Carbide Nuclear Company is participating in the Southeastern Industrial Exposition at Orlando, Fla., which opened yesterday, April 18. As a prime contractor for the United States Atomic Energy Commission, UCNC will have three exhibits at the exposition.

Information is made available on industrial applications of depleted uranium and radioactive and stable isotopes. The largest display in the group will show typical items purchased by UCNC for its operations in Oak Ridge and Paducah, and will afford businessmen in the Southeast opportunity to learn procurement procedures for commodities purchased by the four plants.

While the exposition is held primarily for business, the general public may attend the exhibits. Approximately 15,000 persons are expected to attend.

Two Employees Suffer Lost-Time Accidents In Same Day

The sixth and seventh lost-time injury since the first of the year occurred last week in Y-12 when two process operators suffered lost-time accidents. One operator sustained a deep cut on his ring finger, and a severely bruised tendon. He was attempting to secure a pallet load when his finger slipped and became caught between the boom and cross member of a fork-lift truck.

The other operator received a contusion of his right leg when his foot slipped as he attempted to step from the base of some equipment to a 55-gallon drum. Both employees, of the Mechanical Operations Division, will be hospitalized for a few days.

These accidents broke the Y-12 string of days free from lost time at 21 days, or 676,000 man-hours.

Candidates for member of the year are Louise Davis, in Oak Ridge National Laboratory's Budget and Accounting Department; Mildred Wilkes, from the Oak Ridge School Superintendent's Office; and Marigrace Kirstowsky, secretary to UCNC Manager of Production John P. Murray.

Fashion Show To Be Given

The open house will include a style show from Conley E. Morris Fashions, after which NSA members will participate in a brief discussion on membership in the organization, its goals and activities, its place in the community, its contribution to business, and its place in the member's personal life.

Also high on the list of the week's activities will be the naming of the "Boss of the Year" at the bosses' night dinner to be held Saturday, April 22, at the Holiday Inn, Oak Ridge. Marigrace Kirstowsky is chairman of this event.

Hibbs 1961 Nominee

Y-12's nomination for the title this year goes to Roger F. Hibbs, superintendent of technical operations, which include the Technical and Development Divisions.

Hibbs started work with the Tennessee Eastman Corp., Rochester, N.Y. after his graduation from college. In September of 1943, TEC transferred him to Oak Ridge, where he began work in the Plant Laboratory. He became Superintendent of the Laboratory Division and served in this capacity until 1954 when he was named superintendent of the Chemical Division. In 1958 he was made Technical Division Superintendent.

Geneva Carter, secretary to J. M. Case, superintendent of the Mechanical Operations Division, is chairman of the activities planned for Secretaries' Week.

Latin American Theme

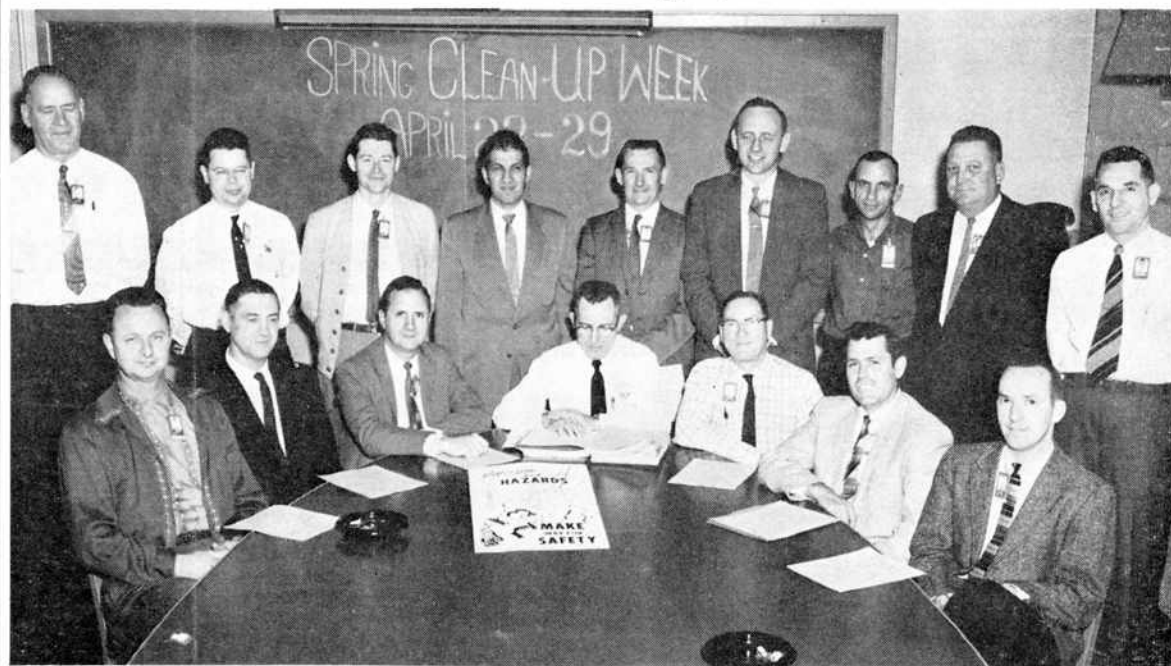

A Latin American theme is being used for these festivities. Dr. Ruth Stephens, retired professor in the College of Liberal Arts from the University of Tennessee will be the featured speaker. She will discuss Latin America, a field in which she is nationally known as an authority.

An exhibition team of the

'SPRING CLEAN-UP' COORDINATORS MAP PLANS for brightening up Y-12 with extensive inspections and recommendations as they meet in the Fire and Guard Department headquarters. Seated from left are Charley Niemeier, Jack Garland, H. T. Greene, Fire Captain W. R. McGill, J. H. Sims, B. I. V. Bailey and Don E. Bell. Standing are W. C. Elam, of the Fire and Guard Department; C. V. Jenner, William A. Pfeiler, Spears Vavalides, J. R. Lund, E. M. Lees, J. O. Younghanse, Jon Hamilton, and Woodrow Carey.

Safety Sets Delivery For Corning Ware

Y-12ers May Pick Up Awards at North Portal

Some 441 Y-12ers, who selected Corning Ware as their safety awards, will be pleased to know that these items are now ready for delivery. Delivery begins today at North Portal, from 2 pm until 5 pm. Deliveries will also be made tomorrow and Friday, April 20 and 21, at the same hours.

The popular cookware was unavailable at the time of delivery of the other big awards.

Deliveries will also be made next week, Wednesday, Thursday and Friday, April 24, 25, 26 at the same above hours.

The Safety Department urges those selecting this item to make every effort to pick up these awards on one of the above dates.

Distribution of the other awards has been completed, according to the Safety Department. These awards were for the 26th UCNC accident-free period from December 11, 1959, to October 16, 1960, and covered 10,307,137 hours without a disabling injury.

The green lights are burning again at every portal in Y-12 after last week's mishaps. Through the concerted effort of every employee, safe, accident-free work may be enjoyed. Keep the green lights flashing!

Decay Schemes Is Topic Of Physics Seminar Friday

Oak Ridge National Laboratory's Physics Division announces a seminar for Friday, April 21, at 3:15 pm. The subject will be "Decay Schemes of the Odd-Odd Proactinium Isotopes. Rotational and Vibrational Excitations of Non-spherical Even-Even Nuclei." The speaker will be S. Bjornhold, of the University of California, Berkeley, Calif.

The seminar will be held in the Central Auditorium of the 4500 Building, and all interested technical personnel are invited to attend.

Y-12 Gears For Annual Spring Clean-Up Activities Next Week

Coordinators From Each Division Set To Inspect Buildings And Grounds In Plant

Next week is set for Y-12's annual face-lifting operations as Spring Clean-Up activities begin throughout the plant. Fire Captain W. R. McGill, of the Y-12 Plant Protection Department, in meeting with divisional coordinators last week, stressed the individual effort that must go into this annual event.

In outlining clean-up week activities Capt. McGill pointed out the main objective to this drive. "Our plant and homes must be freed of fire hazards to make for a cleaner, safer, more pleasant place to work and live," he stated.

For the coordinators the following suggestions were made for a line of "attack": meet with members of the Fire Department to plan clean-up activities; give necessary assistance to all supervisors in the division; and summarize divisional activities and turn in to Fire Department.

Coordinators Named

The following coordinators were announced for the plant:

Charles C. Niemeier, Maintenance Division, Bldg. 9201-3.

Jack Garland, Finance & Materials, Bldg. 9720-8.

H. T. Greene, Chemical Operations, Bldg. 9201-4.

J. H. Sims, Engineering, Bldg. 9739.

B. I. V. Bailey, Industrial Relations, Bldg. 9704-2.

Don E. Bell, Shift Superintendent and Utilities, Bldg. 9764.

C. V. Jenner, Technical Division, Bldg. 9212.

Fran M. Tench, Development Division, Bldg. 9202.

William A. Pfeiler, Development Division, Bldg. 9203.

Spears Vavalides, Mechanical Operations, Bldg. 9212.

J. R. Lund, ORNL Coordinator, Bldg. 9733-4.

Howard Hicks, of ORNL's Biology, Bldg. 9207.

E. M. Lee, Reactor Projects, Bldg. 9201-3.

J. O. Younghanse, Stable Isotopes, Bldg. 9204-3.

Jon Hamilton, Electronuclear Research, Bldg. 9204-3.

R. P. Jernigan, Jr., Thermonu-

'When A Man Marries' AEC Needs To Know

Data Report On Spouse Filed After The Fact

With Spring in full bloom . . . and those things quite obvious to which a young man's fancy lightly turns . . . Y-12ers are reminded by the Security Department that a supplemental form is required from a Q cleared person on his or her marriage.

The simple Atomic Energy Commission form, called a "Data Report On Spouse," is filed in conjunction with the AEC-1 form, or the original security papers filled out upon application for clearance.

These forms are available from each Y-12er's department office, and should be filled out promptly after the change of marital status.

Provided in the form are questions on the date and place of the spouse's birth, name of relatives, status of citizenship, address and previous or present employment.

The report on a spouse does not in itself necessitate a re-investigation, it merely brings records current on the employee in Y-12's personnel files, as well as those records kept by the AEC.

BORN IN OLD KENTUCKY

Both Abraham Lincoln and Jefferson Davis, leaders of the two conflicting nations during the Civil War, were born in the state of Kentucky. Lincoln was born in Hodgenville, and Davis in Fairview, less than one hundred miles away.

Technical Writing Meet Is Planned

Technical writing from the viewpoint of the author and the editor will be discussed at 8 pm Thursday, April 20, in the Robertsville Junior High School cafeteria, Oak Ridge. The program is being sponsored by the Analytical Group of the Tennessee Section, American Chemical Society and the Oak Ridge Chapter of the Society of Technical Writers and Publishers.

Featured speakers for the program will be J. C. White, Oak Ridge National Laboratory employee in Y-12, R. H. Lafferty, from the Oak Ridge Gaseous Diffusion Plant's Technical Division, and P. M. Reyling of ORNL's Technical Editorial Department.

After the speakers have completed their views, the audience will be invited to ask questions. The public is invited to attend the technical writing program.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days. No Y-12ers are listed in the 15 year company service list.

10 YEARS

Ralph V. Guy, Laundry, April 19.
Laura B. Hawkins, Beta Two, April 20.
Louise A. Warmley, Janitors, April 20.
Denton L. Bowers, General Machine Shop, April 20.
Roy Turner, Process Maintenance, April 20.
James C. Terry, Tool Department, April 23.
Robert L. Loy, Sunflower Shop, April 23.
Leroy T. Sliger, Area Five Maintenance, April 23.
William L. Boutwell, Chemical, April 23.
Victor D. Sherrod, General Machine Shop, April 23.
George E. McNabb, Product Processing, April 23.
Paul J. Long, Physical Testing, April 23.
Elma O. Harber, Chemical, April 25.
Tony B. Osborne, Product Processing, April 25.
Stanley E. Justice, Chemical, April 25.
Charles G. Peck, Chemical, April 25.

"You must have forgotten to reset the alarm for me when you left this morning."

Then there's the one about the man that was dragged into court. When he asked (in a rather slurred voice) why he had been dragged into court, the judge simply stated: "For drinking . . ."

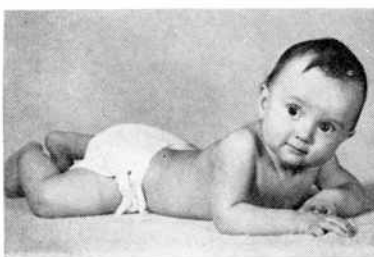

"Okay, when do we start?" the bum asked . . .

CHEMICAL OPERATIONS

Uranium Recovery recovers long enough to report that the stork re-visited the premises recently leaving a little girl with the Thomas Reeds, named Lily June, born April 7 . . . A speedy recovery is wished for C. E. Legg ill at home . . . Welcome back to Margaret Hickey returned after illnesses.

GOOD ADVICE: If you can't grow old gracefully . . . then do it any way you can.

INDUSTRIAL RELATIONS

Lavonne May

The Fire and Guard Department sent along this little doll in the person of Lieut. G. A. May's granddaughter . . . quite naturally the apple of his eye. She is the six-months old daughter of Mr. and Mrs. Johnny May of Cleveland, Tenn. . . . Also from F&G comes the happy welcome back to Lieut. R. G. Perkins back after quite a siege . . . and the folks are still talking about Emmett Moore's fish feast . . . he and the missus caught 54 crappie at one whack and he brought the whole kit and kaboodle in for a fry (he still isn't talking about where he's getting ALL those fish!).

Labor Relations relates that Bob Harte isn't wholly recovered yet, and word is sent that he's missed around the grounds.

The Cafeteria reports the maitre de George McNamee spent last week-end in Cincinnati . . . and a welcome-in mat is rolled out for Reed Wheelock as good-byes are given to Frank Jenks and Horace Russell, transferring to other parts.

Motorists should remember it's better to be a little late down here than a little early up there.

MAINTENANCE

Research Services extends condolences to William A. Bowling, Jr., whose father died in Clinton, April 12 . . . and get well quick wishes are sent to D. L. Craig, off ill.

Electrical says that J. R. Johnston is vacationing, helping about the house . . . while V. T. Callaway spends his time fishing (some people are just lucky) . . . and get well wishes are sent to J. F. Johnson, N. L. Derryberry, R. E. Douglas and F. B. Parrott, all on the ailing list.

The most disappointed people on earth are those who get what's coming to them.

ENGINEERING

From Instrument Engineering is heard the news that Brandt Kuperstock has been "honored" by being appointed editor of the Journal of East Tennessee Scientists . . . Rasey Feezell is doing such a good job teaching that he was persuaded to teach the second session of Pulse and Digital Circuits . . . Ralph Haney went to the ARRL convention in Chattanooga recently and won an 813 tube for a prize, donated by a vendor, of course . . . Maurice Green hasn't been home to Sneedville lately; folks are wondering

if a matrimony-minded miss may be causing this . . . Everyone can hardly wait to see B. B. Bell scootin' around on Junior's scooter . . . Best wishes to Chris, son of J. L. Noey, who had a tonsillectomy recently . . . Bruce Loflen is looking longingly at boats lately, claims the price tags are still holding him back . . . Tom Bishop reports that on his recent vacation he got 100 of the jobs done out of the 1001 that he has to do around home . . . Mildred Lister painted the town recently . . . at least part of it when she painted her kitchen . . . and J. L. Waters recently tripped to Philadelphia.

Engineering Mechanics comes up with a sad tale about J. E. Harrell who got caught for speeding recently; he had just lost his wallet on a week-end trip with his wife to visit relatives in Greeneville, so the charge was doubled—speeding and no driver's license . . . F. S. Patton, W. B. McGill, J. J. Turner, and J. L. Grubb spent a busy week-end catching all those big fish around the waters of Tellico, but the big ones all got away . . . Best wishes are speeded J. T. Blackmon ill in Oak Ridge Hospital . . . T. E. Hudson is welcomed back, the victor over influenza . . . no, those aren't new employees around the parts, they're C. C. Devaney and G. L. Gavis, both minus 25 lbs. each. They say the cure can't be found in a store—will power . . . Gene Barnes found some, however, in the name of a well-known liquid used for melting purposes.

Jim Hodges is the latest one around Industrial Engineering with the cigars and candy . . . his daughter Grace Anne was born April 10, at the Oak Ridge Hospital, tipping in at 7 lbs. 10½ ozs. . . . Get well wishes are sent Roy Byrd . . . Ken Smith vacates the premises keeping house while his wife enters the hospital; best wishes to both of them.

Mechanical Engineering says that E. J. Asbury is vacationing this week diggin' amongst the flowers, and a big welcome is extended Doris Thomas, transferring in from Alpha Five.

The older one gets the farther he had to walk to school as a boy.

TECHNICAL

Mechanical Inspection passes down the word that bossman J. Clyde Bowles and missus are vacationing around Miami, then over to Nassau and the Bahamas, and hope he remembers to drive on the right side of the road when he gets back.

Modern Husband: This cake is simply delicious, dear. Did you buy it yourself?

FINANCE AND MATERIALS

Finance and Materials folk are sending best wishes to Corum Scott, ill in Fort Sanders Hospital . . . and sympathy is extended Joyce Gillihan, of the Mail Room, on the recent death of her grandmother . . . Ira J. Shotts, Time-keeping, spent his vacation at home in Oak Ridge . . . and get well wishes are sent to Roy Hale in Baptist Hospital.

SHIFT SUPERINTENDENTS AND UTILITIES

From Utilities way we hear that Clyde Bowen's speech recently delivered at the 13th session of the Dale Carnegie Course was entitled "Thank you for all the things you have done for me," and it won for him a second pen-

Mrs. Howard P. Mabry

Mrs. Charles Stephens

cil . . . H. B. Davis was welcomed into the department last week, then he and family took off to Daytona and Titusville, Fla. . . . L. L. Kilgore and Scotty Elsbree are vacationing, fishing around Center Hill . . . C. H. Jarvis plans a turkey shoot in the Catoosa Area while on vacation . . . C. Pitts is just staying around home. . . . Jack Finchum is visiting relatives in Jefferson City and plans to get in some casting around Cherokee and Norris Lakes . . . J. A. McCall is just resting and fishing.

From the SS offices comes news that Dave Harrigan is vacationing at home in Oak Ridge. . . . and H. N. "Bennie" Benninghoff is off on a trip to Houston, Texas, attending a convention . . . and D. H. Rader, superintendent senior class, motored to Nashville recently to see Pat and Danny in a "swim-meet" at Vanderbilt . . . also stopped off in Clarksville to visit relatives.

The Beat Generation finally got what it wanted—lost.

MECHANICAL OPERATIONS

From the Sunflower Shop it's a new baby for the B. F. Alexander's, a girl born April 5 in Harriman Hospital, weight 8 lbs., 4 ozs., named Robin Ann . . . and Shoppers welcome J. P. Parker back after more than a month's illness . . . W. T. Rumph is vacationing trying to catch up on fishing.

Congratulations from the Beta Four Assembly and Forming group to Mr. and Mrs. W. D. Sisson, Jr., on the birth of a daughter, Melissa Ruth, born April 7, the fifth child and first daughter. . . . A new motorcycle recently proved to G. F. Campbell who was boss again; he's off sick and all stove up . . . J. D. Kile is another vacationing fisherman . . . Another ORGDPer is welcomed in—D. B. (for Dad Burned) Arnold; welcome, friend . . . Bill Sahr and Mildred Morris are smiling all over the place, despite many sore muscles, about their bowling. . . . Bill came in with his team in ninth place in the All-Carbider, and Mildred posted sixth in the Knoxville City Tourna-

MABRY-MOSS

In a morning wedding at the Chapel-On-The-Hill Monday, April 17, Mrs. Nora Arnold Moss and Howard Pressley Mabry were married, the ceremony performed by the Rev. Harley Patterson, pastor of the United Church.

Mrs. Mabry, formerly of Mechanical Engineering, is the daughter of Mr. and Mrs. G. C. Arnold, Winchester, Tenn. The groom is the son of Mr. and Mrs. H. W. Mabry, Sr., Greenwood, S.C.

Mrs. Mabry wore an Adele Simpson pastel print dress with matching hat, and carried white baby orchids. Mrs. Ruth Hamrick sang "Entreat Me Not To Leave Thee," accompanied by Mrs. Grace Dobyns at the organ.

Several out-of-town guests attended a wedding breakfast held at the Alexander Hotel, after the ceremony.

After a wedding trip to Bermuda the couple will reside at 517 Cothran St., Greenwood, S.C., where the groom is employed with the Mabry-Sanders Insurance Agency.

STEPHENS-ELLIOTT

Miss Patricia Ann Elliott was married to Charles Stephens in a home ceremony April 1, in Athens, Tenn. The rites were performed by the Rev. August Maddox.

Mrs. Stephens is the daughter of Edward M. Elliott, Kingston, in Y-12's Chemical Engineering Development Department, and Mrs. Charles Hyde, Athens. The groom is the son of Mr. and Mrs. W. B. Stephens, of Athens.

Following the wedding a reception honored the couple at the home of Mrs. Jack Kennedy in Athens. Mrs. Kennedy is a paternal aunt of the bride.

Get well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

W. L. Fairbanks and W. H. Norman, Sunflower Foundry; S. H. Kesterson, Guard Department; Perry Suber, Buildings and Grounds; George W. Phipps and Willis Hansford, Beta Four Assembly and Forming; Harold W. Bright and Martha Blevins, Sunflower Shop; Grady O'Kain, Process Maintenance; Dixie Stinnett, Radiation Safety; R. E. Douglas, Electrical; E. A. Marler, George Edmonds and F. C. Rigney, Mechanical Maintenance; J. P. Cavanaugh, Machine Maintenance; John S. Henley, Engineering Records; F. S. Stroupe, Chemical; J. T. Blackmon, Jr., Piping Engineering.

for a smooth operation

there must be...

C League Last Half Deadlocked

Roll-Off Set Between Alley Cats - Big Five

There has to be a roll-off in the C League for Y-12 bowlers to determine who participates in the roll-off for league championship. It looked like the Big Five had it clinched until Monday, April 10. The league leaders were in front by four points, but on that fatal night they dropped four points to the Alley Cats. Thus, the Alley Cats tied for first place in second half play. The IBMs, winners of the first half of the season finished sixth in the last leg.

Other four-point wins saw the Hilifers pour it on the Ramblers, the Chillers put the C Shift to bed easily, and the Hookers broke it off in the Sunflowers. Three-pointers were copped by the IBMs over the SPs and the Beta Four aggregation over the Par Busters.

Sterling Ryder, of the IBMs, took most individual honors with a 221 scratch game, lengthened to a 243 handicap in singles, and a series handicap score of 651. Only Raymond Galford, Sunflowers, stopped Ryder with a 588 in scratch series scoring. In team efforts it was the IBMs all the way with 911, 1016, 2607, 2922.

Roll-offs were scheduled this week . . . the Big Five and Alley Cats to see who wins second half league play . . . then the winner of that match against the IBMs to determine league champions.

Final league standing follows:

Team	W	L
Big Five	43	25
Alley Cats	43	25
C Shift	39	29
SPs	39	29
Hilifers	38	30
IBMs	36	32
Chillers	36	32
Beta Fours	34	34
Hookers	32	36
Ramblers	27	41
Par Busters	24	44
Sunflowers	17	51

16 Teams Set For Oak Ridge League; Tee-Off Next Week

The Oak Ridge Golf League of Y-12 "sand diggers" begins formal play next week, with the first tee to be held Friday, April 28. Subsequent plays will be held on Wednesdays. Sixteen teams have enlisted in the greenery.

The league has elected W. T. Mee, president; J. P. Smith, vice-president; and Sewell Brown, secretary. The protest board will consist of the named officers plus W. E. Belvin and Nelson Tibbatts.

The highest possible scoring will be six points, as the match medal scoring system is being used. Six holes will constitute a nine hole match; in an 18 hole match, 12 holes will constitute a game.

The league has agreed to fifteen matches for each twosome, that is, a match with every other duet in the league.

Team members are listed who will participate in the Oak Ridge link play:

Art Hines-Carl Dorr
J. H. Boyd-George Oliphant
J. P. Smith-J. E. Bartholomew
Jim Crone-Tom Douglass
W. E. Belvin-C. C. Hopkins
C. F. Peterson-H. B. Presley
Jay Holznecht-H. Peckman
John Gregory-Joe Kurtz
Ken Andrews-Paul Turner
Harold Ratjen-W. C. Hoppe
Sewell Brown-Roy Roberts
Jack McLendon-Bill Mee
R. P. Wallace-J. D. Davis
George Mitchel-Nelson Tibbatts
C. M. Knowles-Dick Dehoney
J. W. Ebert-Dan Stroud

You can't live high on the hog if you can't bring home the bacon.

ORGDP Bowlers Take Tournament

Oak Ridge Gaseous Diffusion Plant's bowlers took most top honors in the All Carbide Bowling Tournament the past weekend. The singles, doubles and all-event handicaps were rolled at Ark Lanes Saturday and Sunday, April 15 and 16.

In the women's section, the Vest-Stockstill duet from Oak Ridge National Laboratory took high in the doubles competition with a scratch score of 954. Placing high in the competition were Lettie Ault and Georgia Rader, of Y-12, with 1222, in handicap. Other handicap highs were Irene Carmack and Peggy Hardin, with 1163. Women's singles were taken by Helen Hobson, ORGDP, with a 522; Daphne Marcus with a 631, also from ORGDP, took handicap single tops. Second handicap high was Y-12's Shirley Brown with a 622. Another high single scorer was Helen Beckner from Y-12, with 594.

In the female All Events play Helen Hobson was scratch champion with a 1533, and Daphne Marcus was handicap high scorer with 1859. Georgia Rader, Y-12, placed high in scoring with a 1778.

In men's doubles the Vest-Case combo from ORGDP took scratch highs with 1223, and the Bullins-King duo was handicap winner with 1356. Y-12 handicap winners were Hawk-Ramsey, 1307; Smith-Troutman, 1293; Smith-Holznecht, 1271; Overton-Edwards, 1255; and Watson-Reece, 1251.

Men's singles were taken by J. W. Fletcher, ORGDP, with a 629 scratch score, and N. B. Geofrion, ORGDP, with 686. High Y-12ers were Arnold Tiller, 647; Hawk, 646; Overton and Borrell, 645; and Ron Taylor with 641.

In the All Events men's competition C. W. Castle, ORGDP, was champ with 1799 in scratch scoring; D. Waters, ORGDP, with 1961 in handicap scoring. C. R. Lively, Y-12, placed second in handicaps with 1950, and high on the scoring were Hawk and Tiller with 1900 and 1897, respectively.

SOMNAMBULANT SHUFFLING

Even if a person is a sound sleeper, he changes positions completely from 22 to 45 times a night.

Final Skeet Shoot Of Year Highlights Activities At Sportsmen's Association

The final Skeet Shoot of the year will be held this Sunday, April 23 at the Oak Ridge Sportsmen's Association field, Oak Ridge. A first firing is scheduled to begin at 1 pm. This is a make-up event to fill in the April shoot which was rained out.

The Y-12 Skeet meet is only one of the many activities that the Sportsmen Association sponsors. The other areas of interest include archery, large and small caliber rifle and pistol target shooting. The club also conducts the National Rifle Association rifle and pistol matches during the year.

The Association is holding open

Bumpers Bag Classic Crown

Clyde Smith Leads Team To Magic Top

The roll-off in the Classic League for Y-12 bowlers continued the Bumpers' winning streak last week. Winners of the last half of the season, the Bumpers knocked out the winners of the first half, the Rippers, by sweeping the board in team highs, posting a high scratch 919 for singles and 1009 high handicap singles . . . then totaling 2600 scratch score in singles and 2870 in handicap play.

Top roller of the final night was Clyde Smith, Bumpers, whose scores were 237, 249, 598, 634.

The most improved player in the league was B. F. Rutherford, Has Beens, improving his game by 15 pins during the season's play.

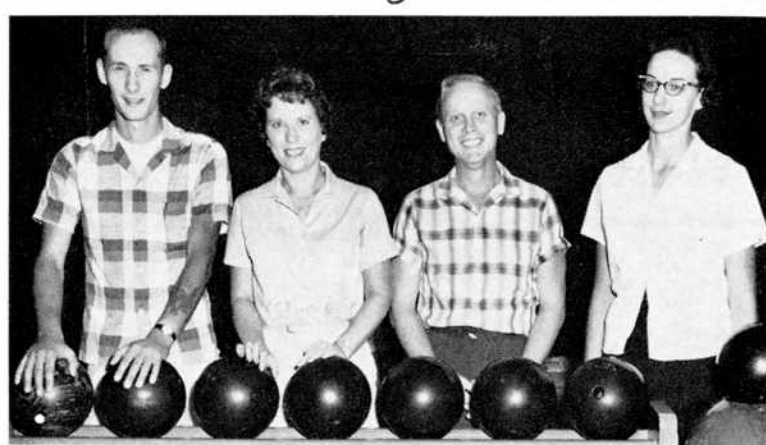

The biggest night on the alleys for the Classic League was the famous October 20 thriller when J. H. "Tudor" Boyd made bowling history in Oak Ridge with his 287 game—in which ten consecutive strikes were rolled. This, naturally, gave him season's high for the league. Tudor, rolling with the Markers, rolled scores of 287, 317, 737, 827 that famous night . . . tops in this league and any league.

Despite the fancy fireworks rolled by Boyd, the Markers finished in the cellar in the second half of play.

VOLS VOLUNTEER

The nickname, The Volunteer State, was given Tennessee during the Mexican War when President James K. Polk asked for 2,800 volunteers from his home state, and 30,000 men responded.

Golfers wishing to participate in the Maryville tournament for Y-12ers, to be held Saturday, April 29 are urged to sign up for tee-off times tomorrow morning, April 20. Times will be assigned at 7:30 am Thursday in the Recreation Office, Room 149, Bldg. 9704-2. A single individual can request time for only one foursome.

CHAMPIONS OF THE MIXED LEAGUE WERE ALL SMILES after winning the roll-off last week. The Toppers, shown above, from left Bob Jago, Shirley Brown, Tom Hillard, and Helen Beckner defeated the Scrappers in final season's play in league action. Not shown is the team's star, Ruby O'Kain.

Toppers Topple Scrappers In Mixed Roll-Off To Become Champs Of League

The Toppers took the roll-off from the Scrappers last week in final action of the Mixed League for Y-12 bowlers, by completely blanking their opponents. The champion Toppers won the first half of league play, the Scrappers the second.

Ruby O'Kain, Toppers, was in her usual good form with a 214 high scratch game, widened to a 239 handicap, and in series play a 592 scratch and 667 handicap score.

Tom Hillard, of the male side of the Toppers, took honors from that side with a 224, 247, 600, and 669.

The Toppers won a total of 300 pins in the final roll-off, sweeping team honors with 775 scratch single scores, 887 single handicap, and 2141 and 2477 in series scores.

Charles Lively, Scrappers, rolled the high scratch game of the season with a 244 game.

Shirley Brown, secretary of the Mixed League, also announced that the WIBC award for the most improved bowler went to Virginia Newby, of the Goofers team. Virginia improved her game through the season by 30 pins. The ABC award went to Bob Martin, Nip and Tucks, who picked up 27 pins.

Whittles League Tees-Off This Week With Twelve Teams

Another Y-12 Golf League teed-off Monday, April 17, as the Whittle Springs league got underway. The usual medal system will be used for scoring. A player will be credited with one point if he defeats his opponent in Medal Play. One point is allowed for low net team score. The highest possible total for a team to score is three points.

J. W. Phillips will serve as commissioner of the Whittles League and Merle Emery has been named vice commissioner. Don Troutman will act as secretary.

Golfers in the league are:
Jim George-Ted Newman
Jim Ball-Merle Emery
Don Troutman-Paul Galle
J. W. Phillips-D. F. Leach
Louis Kovach-George Marrow
C. E. Spradlin-F. K. Clabough

RETURN TO SENDER IMMEDIATELY.

THE NICHOLS JUNIOR HIGH best offensive player on the basketball team this year was Millard Wilkerson, shown above with his trophy. He is the 13-year-old son of M. N. Wilkerson, of Y-12's Guard Department. Young Wilkerson stands 6 feet, 1 inch tall, and is in the eighth grade at Nichols, in Lenoir City. Millard is making his second appearance in the pages of The Bulletin, having made the columns in 1959 as a drum major from the same school.

Camera Club Plans Photography Course

The Carbide Camera Club is scheduling a course in photography for all UCNC "shutter-bugs" to begin within the next two weeks. The series will consist of six, possibly eight, lectures and demonstrations on camera design, exposure and development of both color and black and white film and printing and enlarging techniques. The only cost is the price of a Camera Club card.

Anyone desiring to enroll in these courses of instruction should contact A. A. Palko, plant phone 7586, or at his home phone, Oak Ridge 483-8879. Palko points out that the effort is nominal and the reward is a lifetime of enjoyment of the fine art of photography.

SL-1 Reactor Incident Is Subject At Nuclear Meet

The recent SL-1 reactor incident will be the topic of the American Nuclear Society's meeting at 7:30 pm tonight, April 19, in the Green Room of the Ridge Recreation Hall, Oak Ridge.

Oak Ridge National Laboratory physicist William Ergen will discuss the incident with slides and post-accident movies.

Ridge Concert Band Seeks New Recruits Among Y-12ers

Several Y-12ers are playing in the Oak Ridge Community Concert band with concerts scheduled for this summer on the mall in front of the Atomic Energy Commission's main office "on the hill."

clear Experimental, Bldg. 9201-2.
Woodrow Carey, Reactor Chemistry, Bldg. 9733-2.

T. L. Boswell, Ceramics, Bldg. 9766.

W. C. Tunnell, Neutron Physics, Bldg. 9213.

Coordinators are being requested to make inspections of their respective areas and report to Safety Meetings with their reports. Particular attention should be given to offices, locker rooms, lockers, work shops, tool rooms, boiler rooms, vaults, laboratories, aisles, exits and stairways, access to firefighting equipment, attics, basements, loading platforms and docks, out-buildings, and premises around buildings.

Committees To Be Named

Clean-up committees are to be appointed by divisional supervision wherever it is deemed necessary. The suggestions of the coordinator should be followed. Then a final report is filed with the Fire Department by the coordinator.

In the safety meetings held throughout this month, clean-up activities are being stressed. Chairmen of these committees are reminding each employee to familiarize himself with the location of fire alarms, and other firefighting equipment. One of the major reasons for a Spring clean-up is to remove existing fire hazards and find out what to do in case there is a fire.

The Maintenance Division is prepared to assist in any way possible to remove accumulated trash or rubbish. The Salvage Department can be reached on plant telephone 7972.

Home Safety Stressed

In home safety, each individual is being urged to check furnace rooms, basements and attics to remove papers and rubbish that might become ignited. Many lives are lost yearly in home fires, when a few simple precautions might have prevented such a mishap.

While Clean-Up Week is definitely a plant activity, this year it is stressed that it is individual responsibility that will really accomplish the job well. Every Y-12er is asked to cooperate fully to see that the plant is more pleasant to the eye, a cleaner, more immaculate place, and most of all, a safer place to work.

PROCLAIMING APRIL 26 SECRETARIES' DAY IN OAK RIDGE is Mayor A. K. Bissell surrounded by active members of the local chapter of the National Secretaries' Association. Seated at the Mayor's left is Rebecca Rickman, president of the local group, and at the right is Yvonne Lovely, Southeast District Vice-President. Standing from left are Bobbie Griffin, Geneva Carter, Mary Cusman, Rubye McCloud, and Mabel Tyer. Mayor Bissell is in Y-12's SS Control Department.

ment for Women . . . welcome back from the Army to C. E. Brown, sans medals.

From Production Control there's word that D. C. Morrison and Dick Holbrook are ushered in gladly from ORGDP, and Clarence Taylor and Frank Winstead, recent transfers . . . Bob Hill is on reserve duty in Alabama after getting over the measles . . . Emily Helton visited old friends recently in Atlanta. . . likewise Patty Matlock . . . Joe Raper trooped around the greens at Augusta during the Masters . . . Frank Haynes vacations in Sevierville to get in some farming . . . Harold Babbs' mother-in-law is seriously ill at the Oak Ridge Hospital and best wishes are sent her . . . Dick Dickerson, Bob Harris, Jack Thomson, and Leo Scalf are all looking forward to the golfing around Gatlinburg soon . . . John Harding and family motored to Indianapolis recently to his father's home . . . Eddie Cothron is back in 9212 after a stint in Beta Four, Bob Harris took over the desk down there . . . Welcome back after illnesses is extended to Red Wiest, Bob Hill and Bob Stoutt.

From the Machine Shop it's learned that Dudley Hall and Ralph Graham vacation next week to fish . . . Warren Cartwright is vacationing, moving into his new home in Maryville . . . George Stines and G. A. Tedder are also vacationing . . . Fred Williams is another hook-wetting vacationer . . . Woody Chilcoat is vacationing next week with fishin' on his mind . . . J. B. Graham didn't say where he went last week . . . Other anglers off vacationing are Lester Love (last week) . . . Sam Lindsay, Newman Wise, L. E. Abrams, L. E. Clowers, Horace Mynatt, now Lindsay and Wise are really fishermen, the others are probably angling around trying to get outta work . . . Get well wishes are sent Roy Griffith, R. H. Bradshaw, Shorty Easterday, Prentice Wire, R. Griffith and C. E. Graves . . . and one of the shop's prettiest and nicest people left Friday when Peggy Ledford went home to await the stork. All the girls got together for extra food and gift-giving and such . . . and much happiness is wished to Peggy in her new role.

From Special Mechanical Production comes the glad news that Jim "Pat" Patterson is back at

work . . . and Bob Williams and E. E. Ladd are welcomed in again, after being falsely welcomed into Rolling and Forming last week . . . B. W. Hensley is vacationing in Kingston . . . E. D. Folden is taking it easy in Lenoir City . . . E. E. Lamb vacationed, loafing and fishing around LaFollette . . . L. P. "Pete" Vines visited relatives in Alabama and got in a little fishing also . . . and that old fisherman from way back, H. H. Gallups was going after them unless it rains . . . (it probably will).

The bones just broke thru the CC's typing fingers . . . so it's finis for this. It just occurred to us poor mortals still at work that there's going to be no fish left at all if everybody that went fishing this week just catches one! Oh, well, c'est la vive.

Playhouse Gives Schdule For 1961-62 Stage Season

To those with thespian leanings the Oak Ridge Playhouse selection for plays to be given during the 1961-62 season offers ample opportunity for comedy, serious drama and what-not. Listed in the varied season are "Twelve Angry Men," a study of what takes place within the walls of a jury room; "Summer of the Seventeenth Doll," a drama-comedy from Australia; "Auntie Mame," the well-known story of a fabulous woman; "John Brown's Body," to commemorate the Civil War Centennial; and "A Thurbur Carnival," the Broadway revue of a season or two ago.

Season tickets for these productions as well as the studio presentation during mid-season are now being offered by the Playhouse.

AEC Film On Radioisotopes Available On Loan Basis

The Atomic Energy Commission announces the availability of a new film, "Industrial Applications of Radioisotopes," a semi-technical film in color. The film tells the story of what the "peaceful atom" is doing for the industrial researcher, the manufacturer and the consumer.

The 57-minute, sound film, although of primary interest to industrial managers, is available on a free-loan basis from the Public Information Officer in the local AEC offices.

Secretaries Celebrate

Continued From Page 1

Arthur Murray dancers will present some Latin American dances. Music will be provided by Dr. Nate Wilson and his Rhythmaires. Y-12ers Active In Group

Y-12 members of the NSA include Rubye McCloud, Geneva Carter, Mary Cusman, Bobbie Griffin, and Mable Tyer. Current officers in the local organization are Rebecca Rickman, president; Marigrace Kirstowsky, vice-president; Ann Boring, secretary; Rosemary Lockyer, recording secretary; Mildred Wilkes, corresponding secretary; and Board Members at Large, Mabel Tyer and Helen Thomas.

The Educational Committee of NSA is also planning a workshop to be held Saturday, April 29, at the Alexander Hotel. This event is designed for high school students interested in the secretarial profession. At this luncheon, the NSA scholarship of the year will be awarded to one of the four finalists selected for the local high school's Future Secretaries Association.

Anyone employed in the secretarial profession is invited to attend the open house meeting at 8 pm, Wednesday, April 26, at the Alexander Hotel. An informal discussion of the NSA's goals and functions will be conducted.

L. P. Twichell Transfers To Grand Junction Plant

L. P. "Lew" Twichell, former Y-12er in the Development Division, has transferred to Union Carbide Nuclear Operations at Grand Junction, Colorado. Twichell came to Y-12 in June, 1946, and spent more than ten years here before moving to the New York office of UCNC, then on to Sterling Forest.

He is a native of Illinois, and is a graduate of the University of Illinois. The Twichells plan to make their home in Grand Junction soon. They have three daughters, ages 15, 12, and five.

Health Physics Group Plans Radiation Guidance Talk

A panel discussion on "Radiation Guidance Levels — Why?" will be held at the Health Physics Society meeting tomorrow at 7:30 pm, Thursday, April 20, in the Robertsville Junior High School auditorium, Oak Ridge.

Several experts in the radiation field will be featured on the panel, and the moderator will be R. L. Murphree. A question-answer period will be allowed with questions from the floor. All chapter members are urged to attend.
